

WAIT TRAINING is excited to partner with **PUT YOUR INFO HERE** to present a dynamic workshop to parents that will equip and empower them to connect with their teens in an authentic and approachable way. Parents will be captivated by the many skills they will learn to help their teens avoid drugs, alcohol, sex and other high risk behaviors. We will teach relationship skills, positive youth development and character building lessons, life skills, conflict resolution, safe dating strategies and marriage preparation education as well as optional lessons on family planning.

This is a forum answering the questions:

- How did we get here?
- What do teens need to be able to delay sexual debut
- How can parents talk so their kids will listen?
- What about teen brain development?
- What about the teens who are already sexually active or even pregnant and parenting?
- How can parents and caring adults make a positive and powerful impact for the next generation?

It will be held on **PUT YOUR INFO HERE** @

For more information please check out our web site @ www.waittraining.org or call 720 488 8888

We are dedicated and passionate about the success of EVERY teen!!
